The Ohio Farm Bureau Federation recognizes the need to acquaint rural young people with the Farm Bureau organization, to develop leadership for the future, and to stimulate the youth's interest in becoming an active part of an agricultural organization. To meet these needs it has developed a program of statewide, regional, and local activities. The grass root unit is the local Youth Council.

The Farm Bureau Youth Council is a group of rural teenagers who meet once a month to develop and implement a program of education, recreation, and service to the Farm Bureau organizations and the community. The young people choose their own members, elect their own officers, and develop and carry out their own programs. Through informal planning and discussion, the young people find answers to problems and learn to work together cooperatively. Emphasis is on group accomplishment. Group participation is the key to developing individual skills and abilities.

Recreation plays an important role in the Youth Council Program. Learning to have clean, wholesome fun together is a part of growing as individuals. Recreation promotes a wholesome development of the capabilities and functions of a person; it adds zest to living; and above all, it adds color, sweetness and beauty to life.

The Coshocton County Farm Bureau Youth Council serves those 12 years old and up, offering them special outlets and opportunities for their talents in leadership.
