

WHAT IS THE JUNIOR FAIR AUCTION?

Raising an animal as a livestock project is a valuable experience for any FFA or 4-H member. Livestock projects teach youth responsibility and help develop the character of an individual by caring for an animal. They also help youth work at personal growth and development.

Because youth are raising these animals on a small scale, costs are higher and it is hard to break even at market price. As a supporter of the Junior Fair Livestock Auction, you have the opportunity to help these FFA and 4-H members by supporting them through the auction.

The Junior Fair Livestock Auction gives these young people a chance to show a profit for their hours of hard work. The success of the auction and the support of our youth are up to all of us. The gross total for the 2019 Junior Fair Livestock Auction was \$377,205.67.

WHAT YOU GET

Buyers of Grand Champions and Reserve Grand Champions will receive a buyer pennant. Buyers will be announced by WTNS Radio and listed in The Beacon.

This year there will be no buy-bids. Animals are the responsibility of the exhibitor and will not be promised to any buyer post sale. The price you bid will be the price you pay and you will not have the ability to send an animal to buy bid or have the meat processed after the sale.

Your support of the sale will go directly towards supporting the youth that spent the time working with and raising their animal.

There will be no buyer's breakfast this year due to COVID-19 restrictions.

ONLINE FEATURES

Available options when bidding include:

1. Split bid – Check the split bid checkbox when placing your bid. If you win, fair management will contact you upon winning the bid to obtain split details if you have multiple buyers bidding together.
2. Max bidding – Enter a private Proxy Max Bid for any specific lot when placing a bid. The system will automatically place a new bid at the auction designated increment without going over your Max Bid.

You will receive a text message any time you are out bid on an item.

ADD-ONS

An add-on is an amount that you want to provide in addition to the sale amount of the animal. For example you may want to give each beef exhibitor \$10 on top of their sale price or each member of a certain 4-H Club \$25 towards their work. These can be placed the entire time the auction is open through October 15th at 7pm.
